Capstone Topic Ideation Exercise:

Venn Diagram Examples

- 1. Look at the Topics list (and/or create your own), and identify five different potential topic directions for your capstone.
- 2. Make lists for each possible topic, investigating and researching multiple perspectices on the topic and what would be relevant for each.
- 3. Create a venn diagram that represents the perspectives you are considering, and what opportunities you think may be "common ground" between then.
